your child's tonsillectomy/ adenoidectomy care plan

for children ages 4 and up

Just as a flight plan guides a pilot's path to their destination, this plan outlines the path for your child's tonsillectomy/ adenoidectomy surgery. Following the path below, you and your child will prepare for your child's surgery and recovery. Please ask your nurse navigator or anyone on your care team if you have any questions.

consult, you wil receive the date and time for your child's weeks of the consult). You will also get help prepare you and your child for surgery and Call Dayton
