Pediatric Fundamental Critical Care Support Course
Thursday and Friday, May 11 and 12, 2017

program objectives
At the conclusion of this program, participants will be able to:
1. Prioritize assessment needs for the critically-ill or injured infant and child.
2. Select appropriate diagnostic tests.
3. Identify and respond to significant changes in the unstable pediatric patient.
4. Recognize and initiate management of acute life-threatening conditions.
5. Determine the need for expert consultation and/or patient transfer and optimally stabilize the patient for transport.

agenda
Schedule — Day 1
7:00-7:30  Registration and breakfast
7:30-7:45  Course Overview
7:45-9:15  Resp Failure Ventilator
9:15-10:45  SIMS Station 1  Respiratory Failure
10:45-12:15  SIMS Station 2  Ventilation - 1
12:15-1:00  Lunch
1:00-1:45  Cardiovascular Evaluation & Shock
